

## Application FAQ

Question	Answer
<b>What's the deadline for submission?</b>	April 30, 2018 at 12:00pm PST
<b>Is there a fee for applying?</b>	NO. Application submissions are free.
<b>Can we apply for more than one category?</b>	YES! That is entirely fine; you may apply for up to two of the four focus areas listed on the grant application under "2.0 GUIDELINES."
<b>Is there a maximum grant amount?</b>	YES. The maximum grant per application for 2018 is \$10,000.
<b>What if we wanted to request more than the maximum grant amount?</b>	If your organization requests more than the maximum grant amount, an in-person presentation will be required. The presentation to the Board of Directors will be scheduled for the May 2018 general board meeting. If you plan to apply for more than the maximum grant amount, contact us at <a href="mailto:grants@phoenixpride.org">grants@phoenixpride.org</a> and discuss prior to submitting.
<b>What if we are having a challenging time aligning with the focus areas?</b>	We are not expecting a "perfect fit" by any means. Your welcome to align the application with the best focus area for the proposal.
<b>Do we have to fit into every category?</b>	NO. Choose the category that most aptly fits your organization's mission.
<b>Do we have to provide everything in "SECTION 5: REQUIRED DOCUMENTS" to be considered?</b>	YES. The documents and information must be submitted. There are no exceptions. If anything is missing from the application submission, we will send a one-time request via email for the missing item(s).
<b>I'm not a grant writer, and I don't know how to fill out the application.</b>	That's okay. We don't expect everyone to possess the knowledge to write a grant. Do the best you can. We're looking for worthy organizations to support, not organizations with the best grant-writing ability.

The Phoenix Pride Grant program is here to support our LGBTQ community. Most importantly for the application is telling us how you will make an impact. We want to award funds to as many organizations as possible while ensuring accountability back to our community.
