Phoenix Pride defines diversity as:

“Diversity is the range of human differences, including but not limited to race, ethnicity, gender, gender identity, sexual orientation, age, social class, physical ability or attributes, religious or ethical values system, national origin, veteran status, and political beliefs.”

Board Overview

Phoenix Pride board is an all volunteer board. The board of directors are not a working board and function as a governing board¹. Our roles and responsibilities are focused on oversight, while the staff are tasked with execution.

Values Statement

Passion – We engage a team of volunteers, staff, and partners who have a passion for helping others.

Respect – We celebrate and respect the fundamental values and differences in all individuals.

Outreach – We recognize the power of visibility through outreach and education to inspire our allies and impact positive change.

Unity – We work with integrity to unite the community through collaboration and organizational partnerships.

Diversity – We dedicate ourselves to creating an environment that values and honors diverse backgrounds, cultures, and communities.

Lastly, we believe that a denial of equality for any one aspect of our community is a denial of equality for all.

Vision Statement

Phoenix Pride envisions a unified community where diverse individuals are celebrated and able to thrive as their authentic selves.

¹ Members of a governing board are focused only on the big picture and work as a collective body, delegating managerial tasks to paid staff within the organization. The board's members still have individual responsibilities, but they are not "boots on the ground". Governing boards manage financial plans, not budget sheets. Working boards are responsible for both.

Serving on the Phoenix Pride Board of Directors is a LOT OF FUN!!! We participate in numerous events, engage with community leaders and hear so many powerful, heart-warming stories. Being part of the board means you are representing the Arizona LGBTQ+ community.
